Dee Dee.
 I had a pretty
 consumer semester in
 didn't talk much, but that's all
 right. And too bad you didn't accomplish
 so anyway, Hope you have a great summer
 with the Foxg Gays. Love always Brad Smith.

3rd person to sign
 your book - not bad.
 But anyway, It's
 been a great year
 swimming, diving and
 all kind of neat things
 I hope for other
 things we can do.
 TAKE CARE, HAVE FUN.

 you this summer and all see you
 know, I want to bring a
 gift to you, a sweet.
 (I've been glad to
 know you, a sweet.)

Well, well it's
 been great. This
 year was so fun and
 I owe it to all the people
 in swimming and especially
 to you! You're a terrific person
 with a great personality! Good luck
 in the future and in everything you do!
 I hope everything with Keith turns out the way
 you want it to! I wish you all the happiness in the
 world and you better not ever forget me on this year! The

In the summer of '78 fourteen Los Amigos basketball players went to China for a 17 day tour to play basketball and sightsee. The players who went were Dave Atkins, Larry Cook, Phil Day, Warren Ellis, Mark Feffer, Angel Fuertes, Dan Grable, Mike Hubert, Jeff Ludes, Clayton Olivier, Chris Ream, Nick Reyes, Ken Tomlinson, and Orlando Ward. Coach John Keating and his family chaperoned the players.

The team arrived in Hong Kong and stayed in a nice YMCA hotel. They played in the Hong Kong tournament and received the runner-up trophy. After Hong Kong the team played in Taipei. Winning five games out of eight the Lobos gave a great showing; they played considerably older teams.

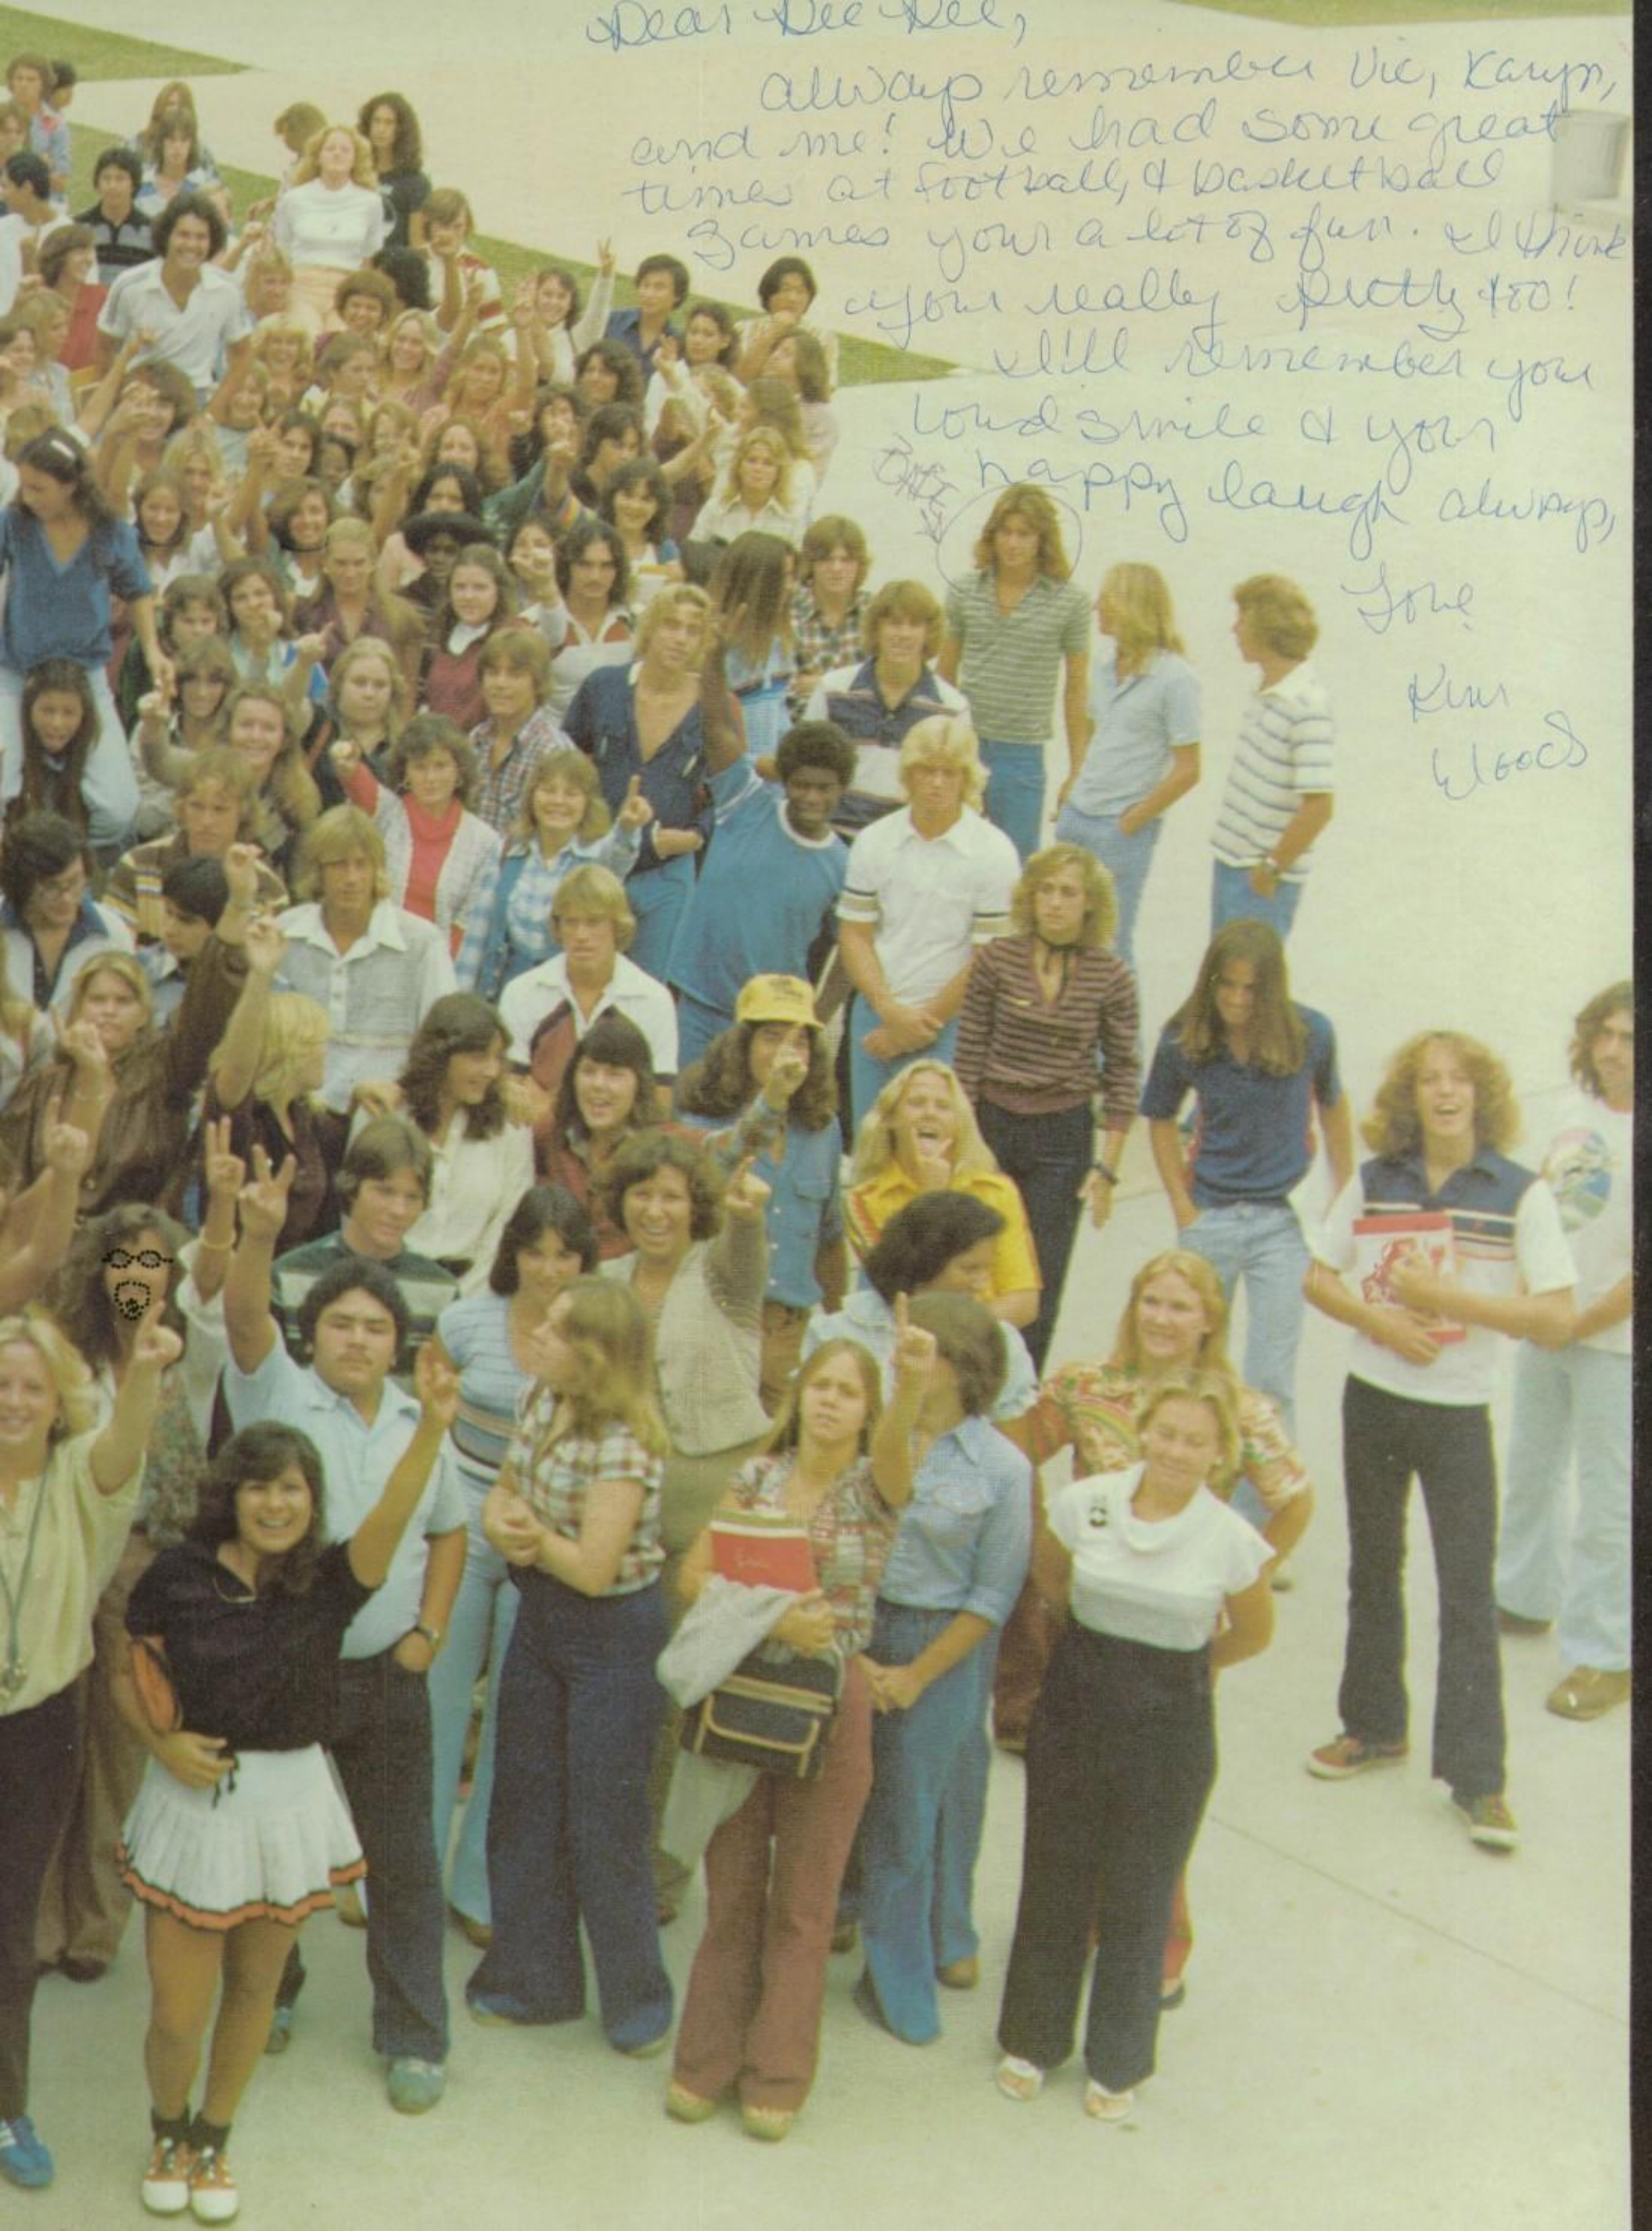

Highlights for the players were playing in the all star game with others on their team and also a waterpolo game which interested and entertained many Chinese children. Homesickness set in as the Lobos took their 24 hour plane trip home.

Dear Dee Dee,

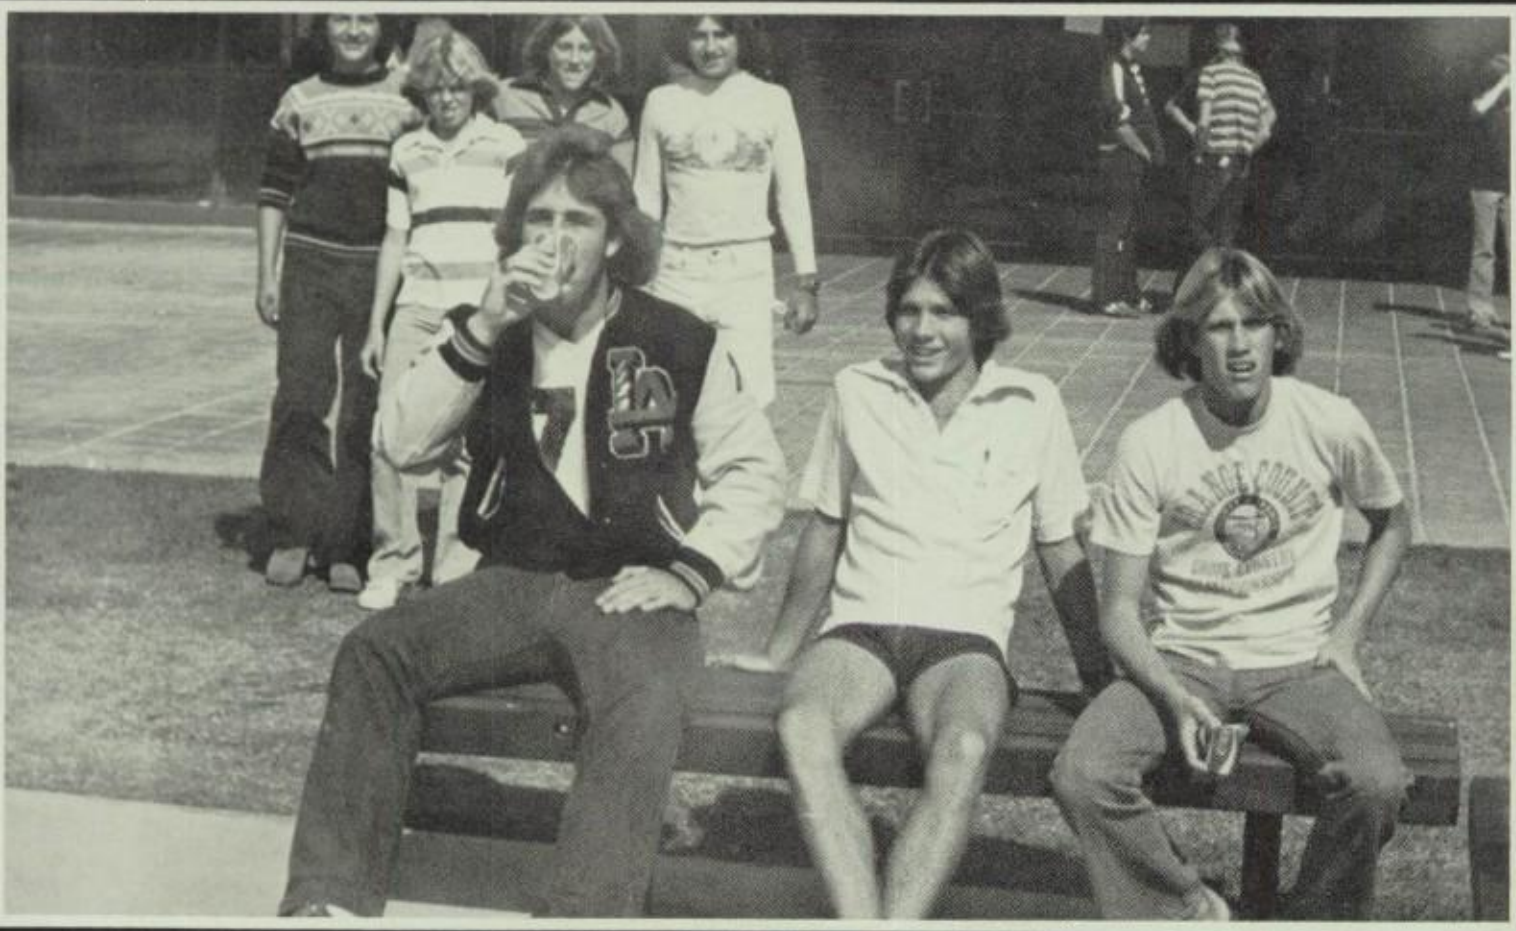

Always remember Vic, Kayn,
and me! We had some great
times at football, & basketball
games your a lot of fun. I think
you really pretty too!

I'll remember your

Gay Nineties was the theme for the 9th annual homecoming. This year instead of just our traditional queen we had a king too. Everybody was excited to see the court arrive in a huge wagon pulled by two beautiful Belgian horses, and dressed up in nineties fashions. To highlight the show Bob Shaver and Lisa Smith were crowned the '78-'79 King and Queen. The Lobo football team went on to trample La Quinta 20-3 to win their first homecoming in the history of Los Amigos.

Hello Assembly Salutes New Year

"To you we give all honor," is the praise from the '78-'79 cheerleaders.

Drill team say "Hello".

"We did it again," say the elated Seniors.

1978-79 school year started off with a warm "Hello" assembly. The pep band, under the direction of Jeff Janke, started the assembly out with a rousing tune of "Twenty-five or Six to Four", followed by the '78-'79 varsity song arousing our spirits with a routine to "Too Hot to Trot".

Principal Ray Arroyo then stepped in to give us an enthusiastic "Welcome Back". If our spirits weren't sparked up by then the 1978-79 varsity yell came out to get us a little rowdy by doing a routine to "Slow Ride".

Coach Al Calonico decided to let us all know just how enthused he was about the '78 football team and hoped we would be, also. Then, to add to the festivities, the Las Damas drill team was introduced by doing a routine to "Nights in the City".

The first assembly was topped off with the class of '79 continuing their reign as the most spirited by winning the first class competition. And, finally, as the grand finale, the song, yell and mascot led the Los Amigos student body in the alma mater, and the year had officially begun.

A Lobo Christmas . . . Kids, Singing,

Concert Choir goes "Fruitcake".

The 1978 Christmas assembly was one that will be remembered by everyone who attended.

Each class president made an ornament to put on the Christmas tree and said a few words about their class. Starting with the freshman class, president Jeannette Galm placed a heart on the X-mas tree and stated, "This heart symbolizes love".

Next in line was the sophomore president Chris Pierce who put a star on the Christmas tree and said "We put this star on this tree because stars are the passageway to happiness".

Then came the junior president, Brad Teeters, who put a picture of the rising sun on the Christmas tree and stated, "The rising sun symbolizes the awakening of a new year". And last came the senior class president, Mary Florio, who lit the candle by the tree and said, "Candles symbolize freedom, because in just a few short months we will be starting a new life in a brand new world".

Toward the end of the assembly the faculty choir sang a few selections, and was followed immediately by the concert choir who performed the traditional Christmas novelty song, "Fruitcake".

T.V. And Movies Entertainment

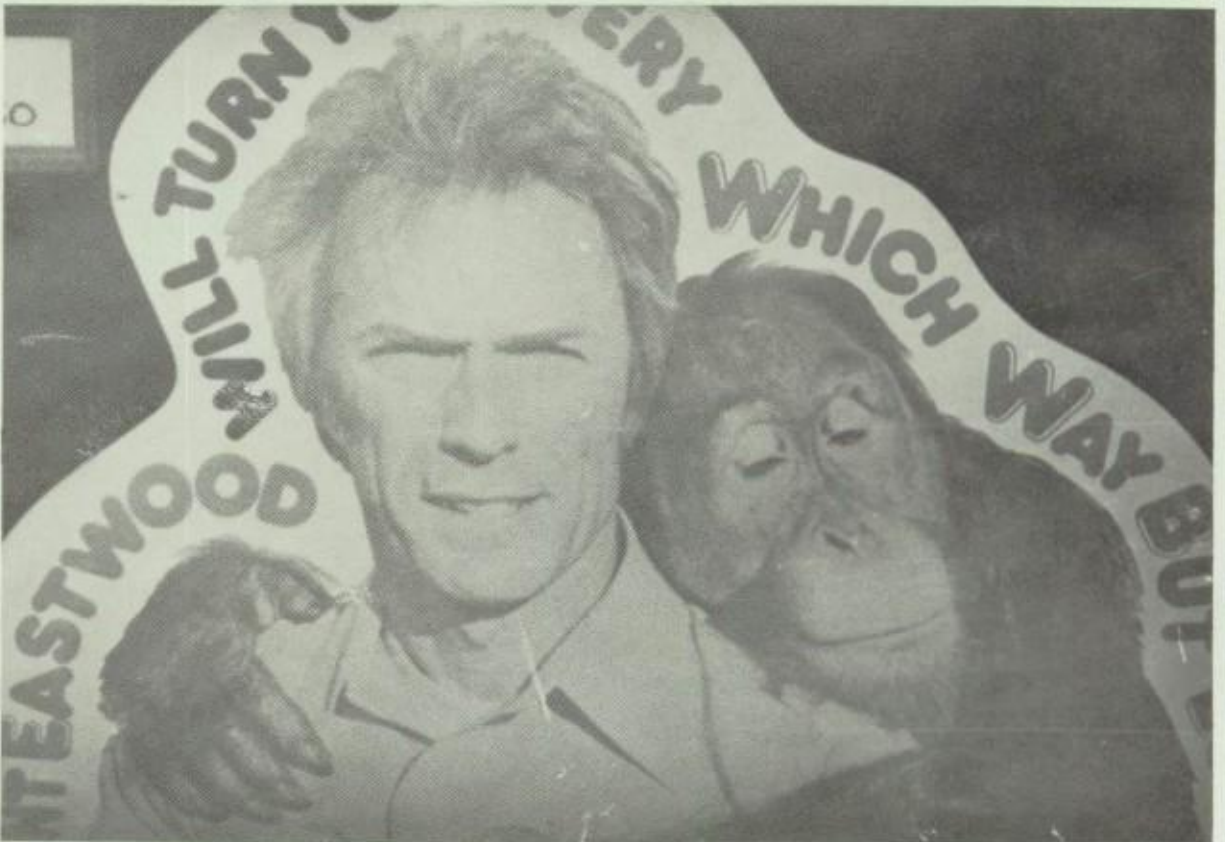

Movies and T.V. are certain to take a great deal of time. While John Travolta danced in "Grease", Kermit and Fozzie Bear hammed it up in "The Muppet Show". Steve Martin added his arrow through the head in a T.V. special, and sometimes hosted "Saturday Night Live" with the star of National Lampoon's "Animal House", John Belushi. The man from Ork, Mork, and his gal Mindy got some top ratings along with "Mash", "Eight is Enough", "Soap", "Battle Star Galactica", "Happy Days", "LaVern & Shirley", "Lou Grant", "Taxi" and "Vegas".

On the charts for good movies were "Lord of the Rings", "Boys From Brazil", "Midnight Express", "Up in Smoke", "Superman", "Magic", "Halloween", "California Suite", "The Wiz", "Big Wednesday", and "Sgt. Pepper's Lonely Hearts Club Band".

Booster President David Doss

Who attended all year long, all girls' and boys' athletic games? No, it wasn't the cheerleaders but the Athletic Booster Club. They went to as many games as they could and offered their help whenever and wherever it was needed.

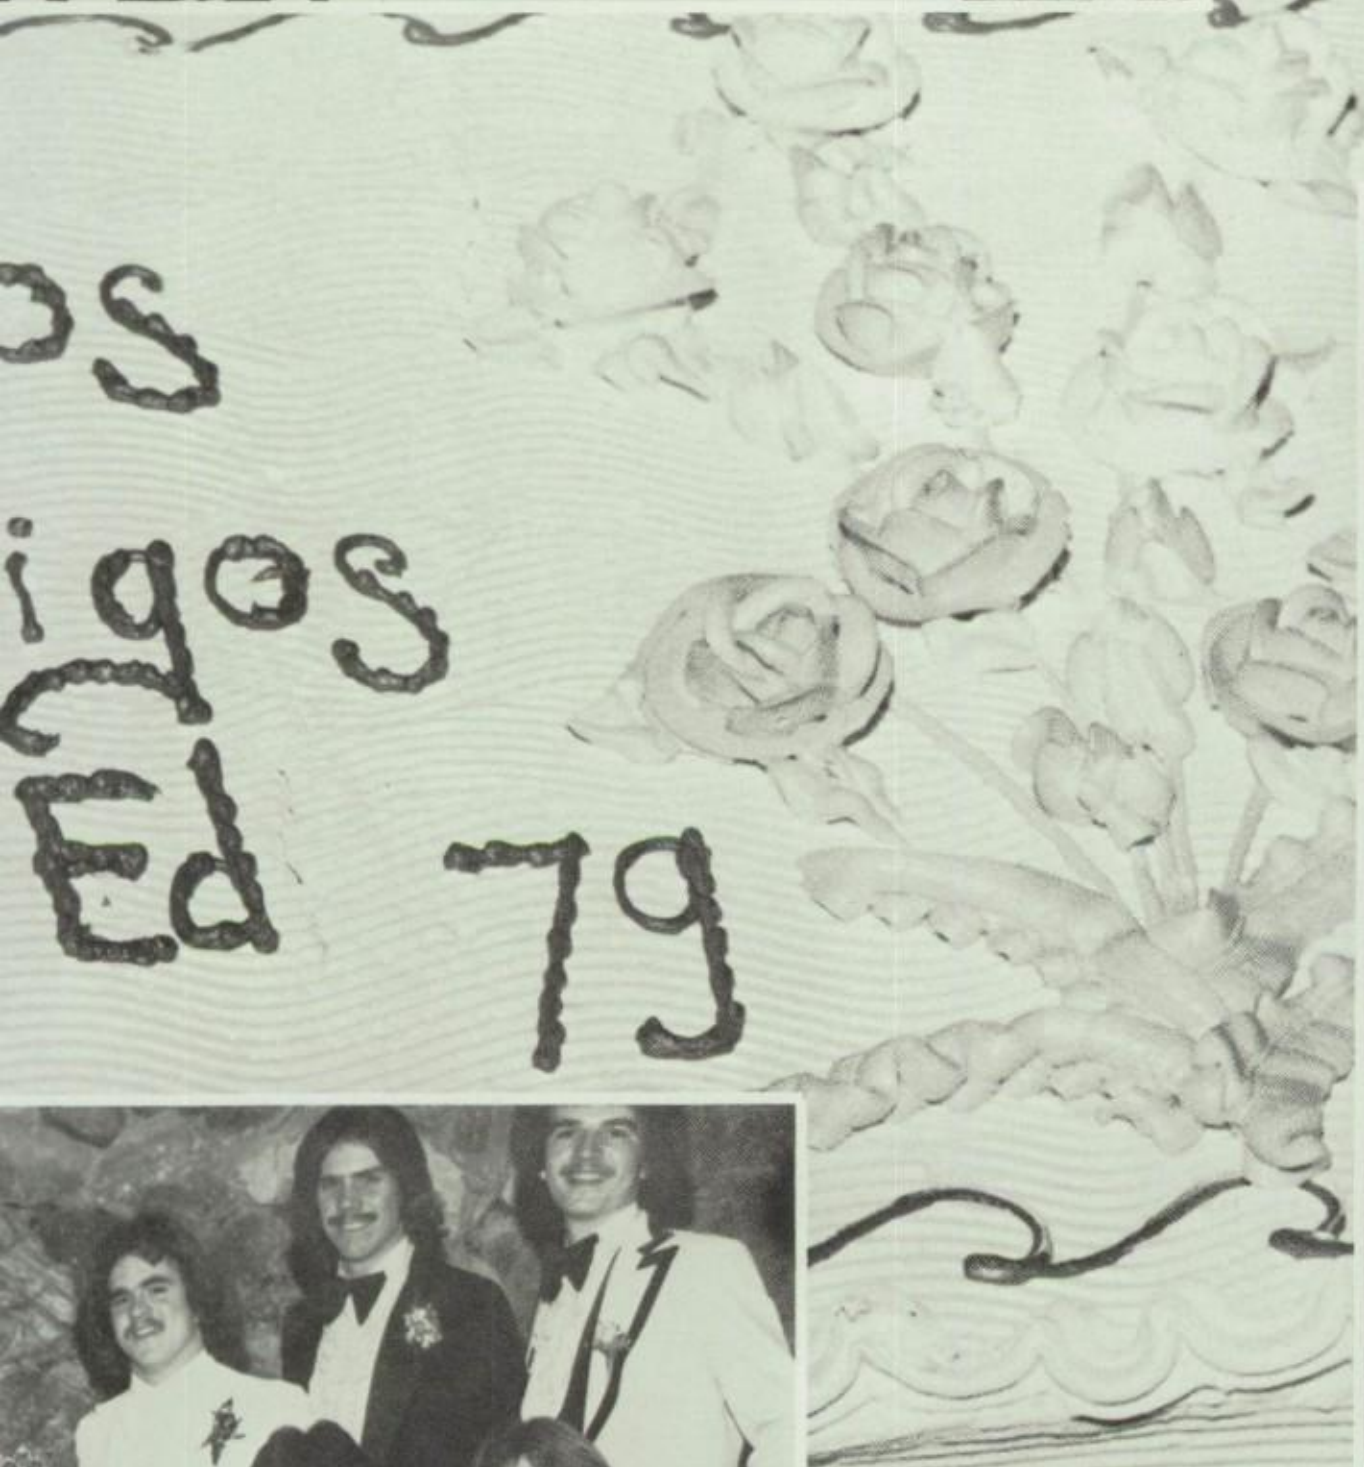

Besides giving support to the teams, the Boosters, with the president David Doss, was successful in supporting a few fund raisers. Among them were the Football Spaghetti dinner, the second annual Jog-a-Thon, and an art auction and the spring carnival.

Under the direction of Mr. Bill Brady, the Athletic director for Los Amigos, the funds were dispersed among the girls' and boys' teams where it was most needed.

Lobos Go Vogue With Fashion

Don't be square, straight is back! Straight leg jeans hit the scene at L.A. accompanied by the Candie's shoe craze. Longer skirts also have been revived, which leaves a lot to the imagination.

Blazers, scarfs and pleated pants are in along with charm holders and gold jewelry.

Hams It Up for Lobos

On the evening of Feb. 1st, the stage production and drama classes held a Pot Pourri, which is a variety of skits. One of the productions that took place was a magic act performed by Steve Keeler, who did a chinese paper trick. Joe Loreto did a lipsync to "The Sniper".

Another act involved Ann Churchill and Dee Dee Fulmer doing their version Of "The Sword Fight." In "The Trigette of Grieva," Art Wilcox and Joe Loreto got their fishing lines tangled while Jose Flores patiently waited for a bite.

Mimes, a puppet show and other skits were performed by other individuals and small groups to add to the enjoyment of the evening.

Cars—as well-known as the people who drive them. Whether it be the cute set of matching bugs belonging to Mark Feffer and Vicki Shook or the big black box driven by Clayton Olivier, each car reflects its driver. Some students have their own cars, whether bought by their parents or with their own money, while others manage to steal mom's car to impress their friends. For many students they would rather lose their right arm than have to walk to school. Students drive to school, go to Carl's for lunch, and drive home. The thought of walking is abhorrent to these sturdy individuals; I mean, why walk when for the price of gas you can go practically anywhere you want? (As long as you're back by 12:10.)

The Regional Occupational Program, or ROP as it is better known, is a class in which students receive credits instead of pay for working in various occupations. Whether it be by pulling sundaes at a nearby soda shop, or building cabinets for a local cabinetmaker, the students receive "grades" from their employers. There are two major activities of the ROP; programs and ancillary services. Programs consist of the courses which provide occupational training. Ancillary services are those services which contribute to and support ROP.

How do speeds of over 100 miles per hour sound? Chet Slack experienced this excitement once a month at such well known race tracks as Riverside International and Ontario Motor Speedway, racing go-karts.

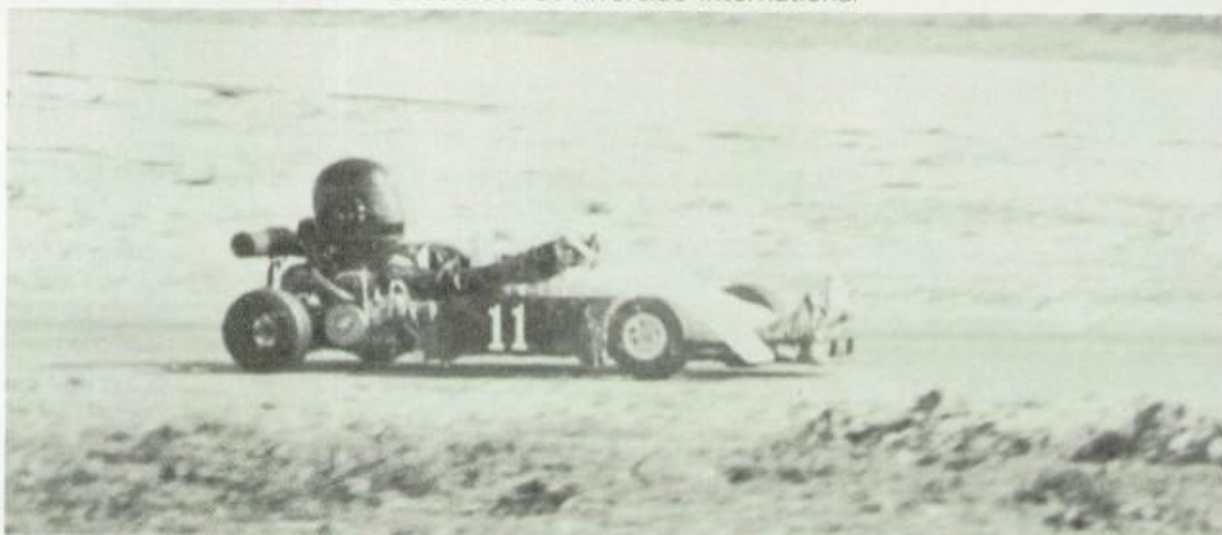

Chet has been racing in this sport since July of 1968 beginning with the art of sprint kart racing. As a rookie Chet won 1st place in club points while living in Topeka, Kansas. After moving to California in 1969, Chet began racing under IKF (International Karting Federation) rules and began racing in the Junior Class with a 100cc McCulluch engine, winning second place in club points and third place nationally, and has since raced dirt karts and also enduro karts.

Chet has held many track records since the age of 12 and has won hundreds of trophies for his wins, and also has placed very high nationally.

In September 1978 Chet and his father redesigned and built his enduro kart to carry two engines for the strength of 270cc. At a race in November at Ontario Chet had been clocked at 178 mph. The yearbook staff would like to wish Chet the best of luck for this season and for seasons to come.

At the age of 12, Marty Jaques began playing the cello; by the time he was 14, he was playing professionally.

Becoming a professional came about accidentally for Jaques. In fact he didn't know he was doing it. "A friend of mine who was playing the lead in Handel's 'Messiah' got sick and asked me if I'd like to play for him, I said 'yes'. After the concert a lady came up to me and handed me a check," Jaques said with a smile.

The same lady that handed Jaques his first check helped get him established in the music world by telling others about him.

Marty has played at such places as the Dorothy Chandler Pavilion in Los Angeles, The Brock in San Francisco, The Biltmore Hotel and has also played for two years with the UCI orchestra.

Jaques plans on making music his career. After graduation he wishes to attend the Julliard School of Music in New York. We all look forward to hearing Marty in Carnegie Hall.

Angel Bella was 11 years old the first time he stepped into the boxing ring, because he and his brothers decided to try a different kind of sport.

Angel has boxed in 59 fights and has won 53 of them with 12 knockouts. Angel has boxed at such places as Arizona, Texas, San Jose, San Francisco, Mexico City, and Las Vegas and has won such events as the Golden Glove Championship, All-State Championship of California, and also the Junior Olympic Championship. At this time we would like to wish Angel good luck in the field of boxing.

John Turner

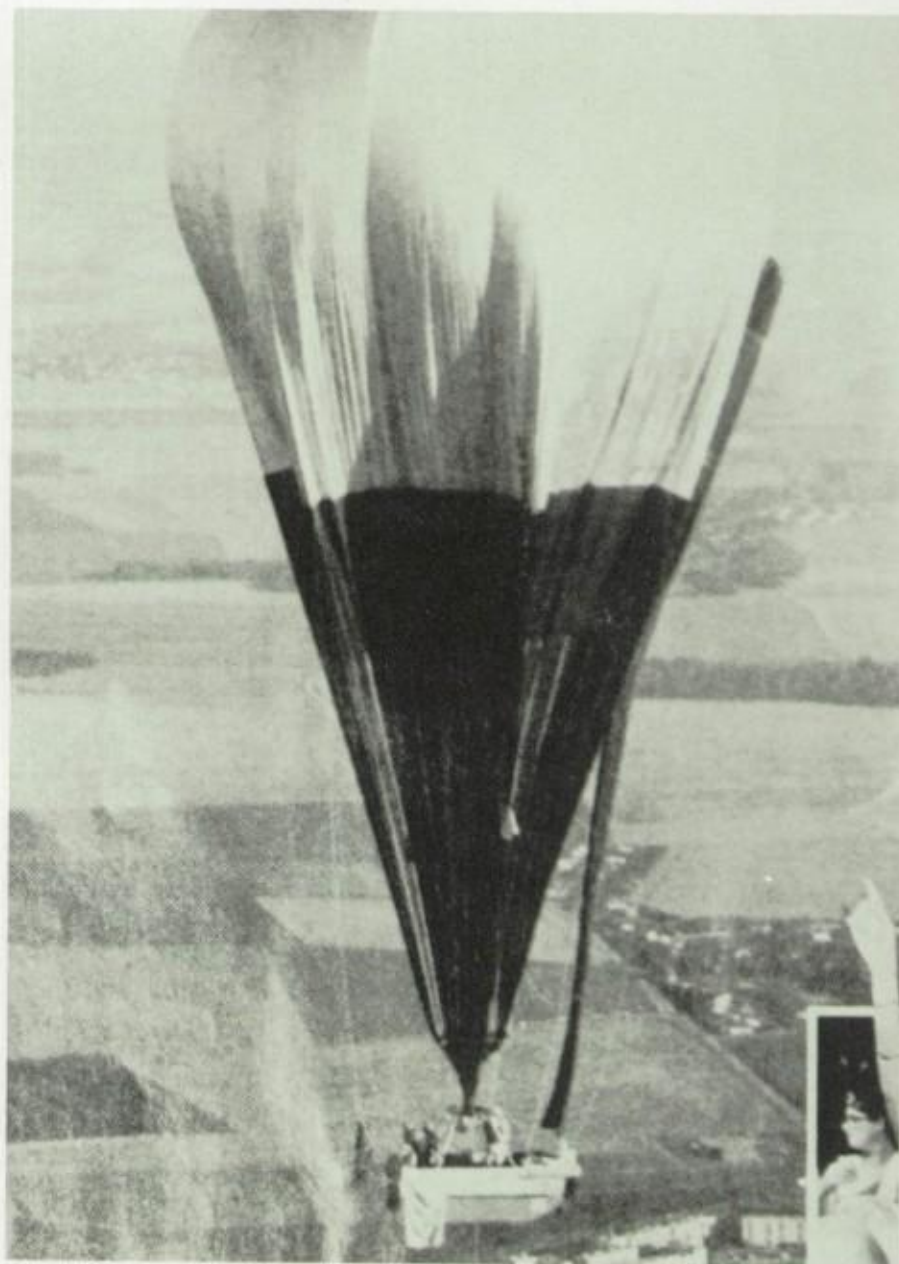

What's an architecture illustrator? For John Turner it has been a way of life. John was hired by Mark Szabo Associates in Irvine and began drawing and adding house perspectives from the blue prints.

John enjoys this work very much but plans on attending The Art Center College of Design in Pasadena and plans to major as a fantasy illustrator. According to John, a fantasy illustrator's job is one who draws pictures from a description from some literary writing.

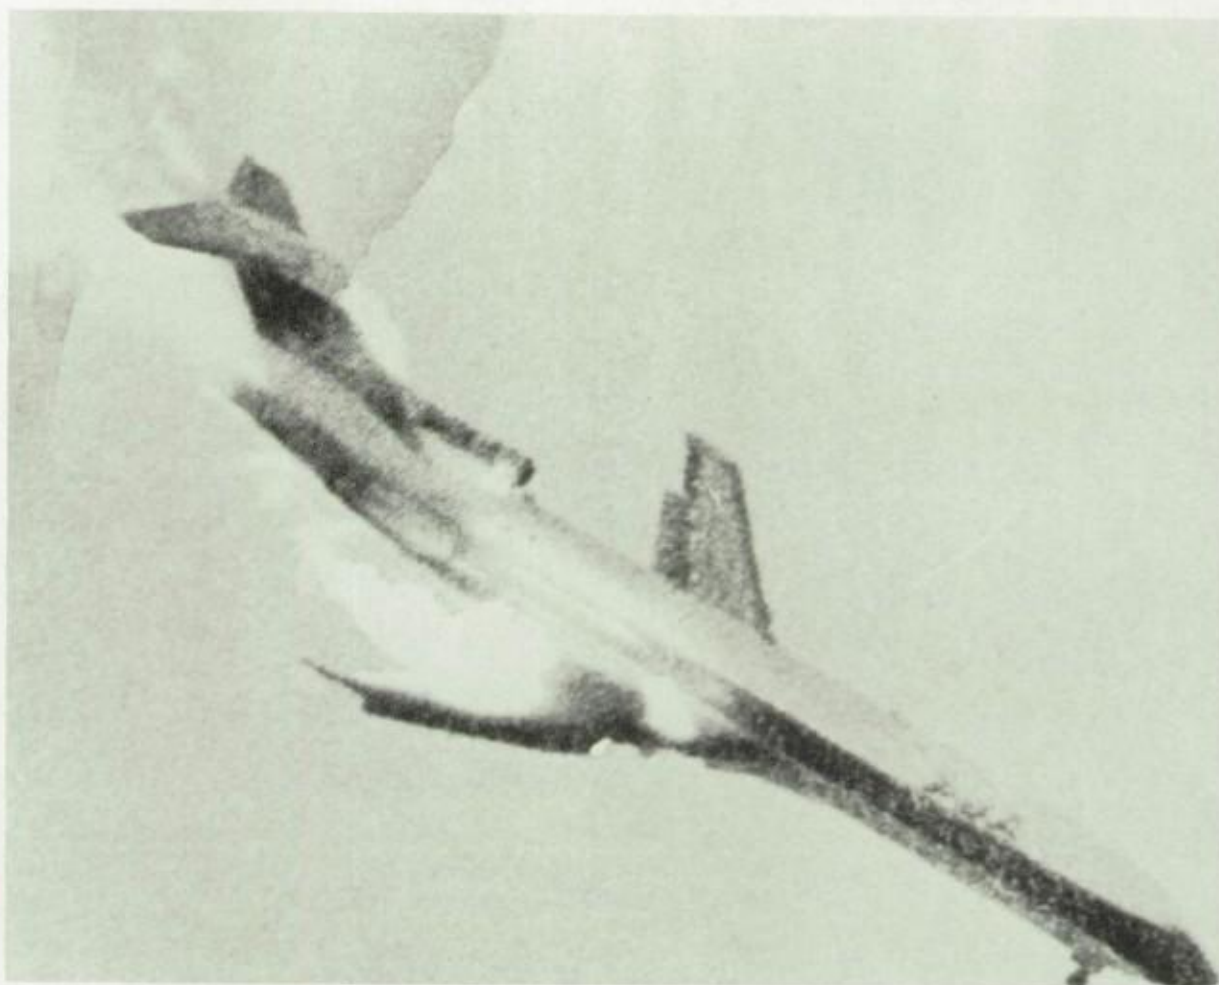

John has won many awards like first place in the Fountain Valley Art Association and also a scholarship contest. We wish John lots of luck and look forward to more of John's work in the future.

Activities Office Turns Into Student Store

Mobs of people ordering popcorn, licorice, cokes, and assorted kinds of candy, are what you'll find at the new student store.

The student store has come a long way since last year. To begin with, the leadership class moved the store into the former activities office in the commons, and bought display cases. Then they added Lobo t-shirts, shorts, mufflers and hats to match, Lobo derbies, socks, toys, popcorn, cokes, candy and lots more! If the '78-'79 leadership is noted for anything, it is noted for improving the student store.

Ice Water And Music

Transistor radios, mopeds, and a possible trip to Moscow for the 1980 Olympics, were just a few of the prizes offered in Los Amigos's 2nd annual jog-a-thon.

The jog-a-thon was held on October 24 on the Los Amigos track. Each jogger was asked to run or walk for one hour to help raise money for ASB or for any other club or organization he or she was involved in. At 2:30 p.m. the track was filled with the music and a lot of anxious people, each waiting for the gun to start and the clock to begin its hour.

As the clock began, walking or jogging at his or her own pace, each did his best with spirit and pride.

Music and ice were surrounding the track as the hour came to an end. Refreshments were served as each person recorded laps and left with the feeling of pride and ... sore feet.

Some of the A.S.B. organized activities were spirit week, homecoming, the jog-a-thon, varsity-faculty basketball game, and king and queen of courts.

With the help of advisor Mr. Bill Brady A.S.B. redesigned the concession stand and the new student store.

Many of the year's activities that went on were all due to the teamwork and planning put out by the leadership class.

From tryouts in January of last year until the new cheerleaders tried out in January, the 1978 Varsity yell had worked very hard.

Cheerleading for spring sports started their reign. This meant quickly finding uniforms to cheer in and cheers to do.

Summer meant being at school to practice at 6 a.m. making new cheers, finding fall uniforms, also, going to cheerleading camp at Malibu. Sounds like a leisure trip, but it's not. In fact, the only site of the beach they had was from a hillside view.

Then school started. Posters were made, games were cheered at, assemblies were performed and pep rallies were attended. Somehow the work never seemed to stop.

With band advisor Mr. Jeff Janke and drum major Scott Pugh, Los Amigos marching band had a great year marching in parades and competitions.

Marching band members were all encouraged to participate in after school practice and occasional 7 a.m. morning rehearsals to perfect their many half time shows and parade expertise.

"America's We" became the familiar parade march that was judged in parades such as Tustin Tiller Days Parade, Strawberry Festival, and Bolsa Little League. The band also did such things as sparking spirit at lunch pep rallies and assemblies and entertained the crowd with football half time shows.

Las Damas Drill Team All Smiles

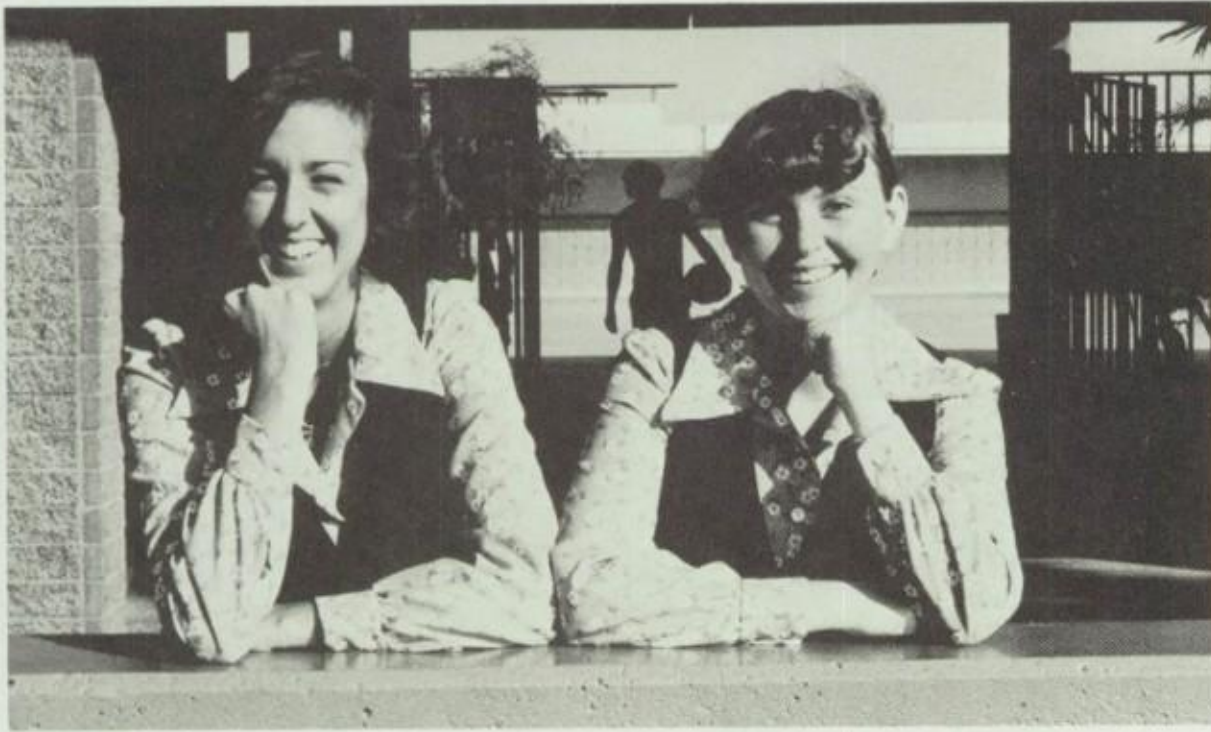

Drill team welcomes students at Hello Assembly.

"Freshmen on Drill team?" This year the Las Damas drill team was a little different. Why? Because, for the first year in history of the school, freshmen were allowed to join the squad. This new squad, comprised of basically freshmen and sophomores, have had many times to be discouraged, like having 7 a.m. practice, five days a week and then being told to practice after school, too.

But all this work paid off, with the help of this year's advisors Mrs. Jeanette Morin and Mrs. Judy Longworth. The squad was successful in performing at assemblies, half-time shows, the Tustin parade and of course at the end of the year they performed at the Strawberry Festival Parade.

Choir Makes Traditional Trip to South Coast Plaza

Have the members of concert choir gone nut's? No, they've gone Fruitcake! Traditional fruitcake was sung at the L.A. Christmas assembly of 1978, and the students spread their joys and good tidings through the mall at South Coast Plaza. More Christmas cheer was spread to many elementary schools, to promote drafting of future singers here at L.A.

California Scholarship Federation is an honor society for academic students that must be applied for at the beginning of each semester. At graduation time, seniors who qualify for CSF Sealbearer status receive various honors, among them a gold seal on the diploma (hence the name Sealbearers) and a gold cord to wear with the cap and gown.

CSF is not very activity minded but does participate in the Boosters' Carnival.

Eventually Sealbearer honors might include something monetary if enough money is ever raised by the club.

CSF might have nine Sealbearers this year. Early qualifying Sealbearers this year are CSF president Leah Huniu and Jeff Mosby.

With twenty-six members, this year's newspaper staff is the largest ever. Yet, greater quantity did not result in greater sanity. Harried page editors still yell at frantic reporters that their stories were due three days ago. Typewriters can be still heard clacking in the building far after school hours on the day of the deadline. Heroism is a part of the job; Becky Minick even bled for the journalistic cause. And the photographers. Many a time you would see hard-bitten page editors reduced to sniveling hulks as they pounded on the darkroom door, begging for their pictures. Somehow, however, the paper always seemed to get done, mostly through the patience and perseverance (and sometimes threatening) advisor Carol Strauss. As for the editors-in-chief, Anita and Ken plan to graduate and retire to the home for the old, gray-haired editors. And so ends the three year series, "As The Presses Turn".

Reflector Staff Creates Yearbook

The '78-79 Reflector production started extra early this year when Pat Harris and Nada Kelsoe went to yearbook camp in San Diego. For one full week during August, they learned all they could to help the yearbook staff, and when they returned, along with the help of advisor Carol Strauss and assistant editor Laura Patefield, they began to mold a somewhat ordinary class into a Reflector Staff.

When the first deadlines came about, all the new members began to go crazy: "How do you order pictures?" "What if my pictures weren't taken and it's already Nov. 6th?" "Where do you type cutlines on a 3R?" "Are these pictures blurry?" "Oh no, don't tell me I left out a name." "What do you do if your pictures aren't in alphabetical order and you already put them on the layout?" "The folios are 8 pt, style 41, aren't they? By the way, what is a folio?"

They weren't the only ones going crazy; the old members started too: "Great, I cut the ruler instead of the picture." "Can I cut her head off? I don't like her very much." No!!!!!! "I don't think we have enough colored pictures." "How do we paste up pictures if we've never done it before?" "What is the headline point size again?" "Candles in the opening, candles in the closing, candles on the endsheets candles all over the freshmen, sophomore and junior class section, candles in sports activities and organizations, and even a candle on the cover. Why don't we just burn the yearbook? If I never see another candle, in my life it will be too soon. AHHHHHHHH I hate candles. But Mrs. Strauss, how could we get the candle crooked and still have the flame straight?"

I'm going to kill the photographers. Well the photographers were going crazy along with the rest of the class. Printing pictures and more pictures and even more pictures. (Developing film, going from Kodak to Ilford paper, from flat to glossy finish, from running out of fix, film and paper to rolls of film not turning out, or being too blurry, too grey, too dark and even too light.)

Then after all the hectic running around trying to find out names, scores, if this picture or that picture was taken, if all the copy was typed and copy read, if all the pictures were developed, proofed and printed, if all the layouts were approved and finalized and finally, did Mrs. Strauss give her o.k., all was sent into the publisher.

So this group of people were finally accomplished authors. And when those proofs came back and all the staff could see all that hard work they put into the yearbook finally coming to life, they could hardly wait until the book itself came out. So they realized, it was all worth it.

The Los Amigos ski club, under the direction of Mrs. Sherye Ayers, ended the 1978 year with a trip to Steamboat Springs, Colorado. The trip lasted for five days, (not counting the 24 hour bus ride). And when they got there, there was plenty of snow for everyone. It was the first time about half of the students had ever been on skis, so watching them was good for a good laugh at least. However, not all the time was spent on skiing, as there was a jacuzzi, suana, and an indoor pool. The last night of the stay was spent on a wild and crazy toga party. Apparently it burned everyone out because few people went skiing the next day. However, this was only one of the many exciting trips taken by the ski club.

L.A. students enjoy their Christmas vacation at Steamboat Springs, Colorado.

The girls' varsity volleyball team won the Garden Grove League Championship for the fourth year in a row, making an amazing league record of 48-0.

They then proceeded into CIF, winning first round against Foothill 15-5, 15-12 and beating Crescenta Valley in second round 13-15, 15-7, 15-12. In the quarter finals the girls lost to Gahr 7-15, 8-15.

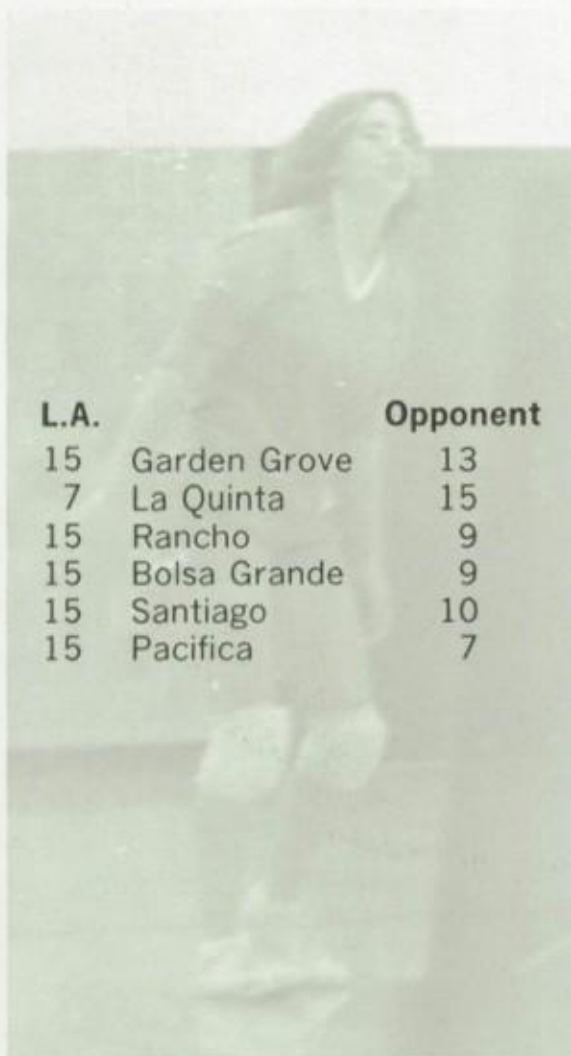

This year's team was coached by Miss Sharon Love, and consisted of seniors Lynda Obers captain, Johnette Torango co-captain, Gina Howerton, T.C. Duty, Ann Churchill, Brenda Dickinson, and junior Lisa Charlton.

The girls worked long and hard, practicing every day to have their excellent league record and to make it to CIF.

This year's Los Amigos varsity tennis team took third place in the Garden Grove league. Dee Fullmer was voted MVP for '78.

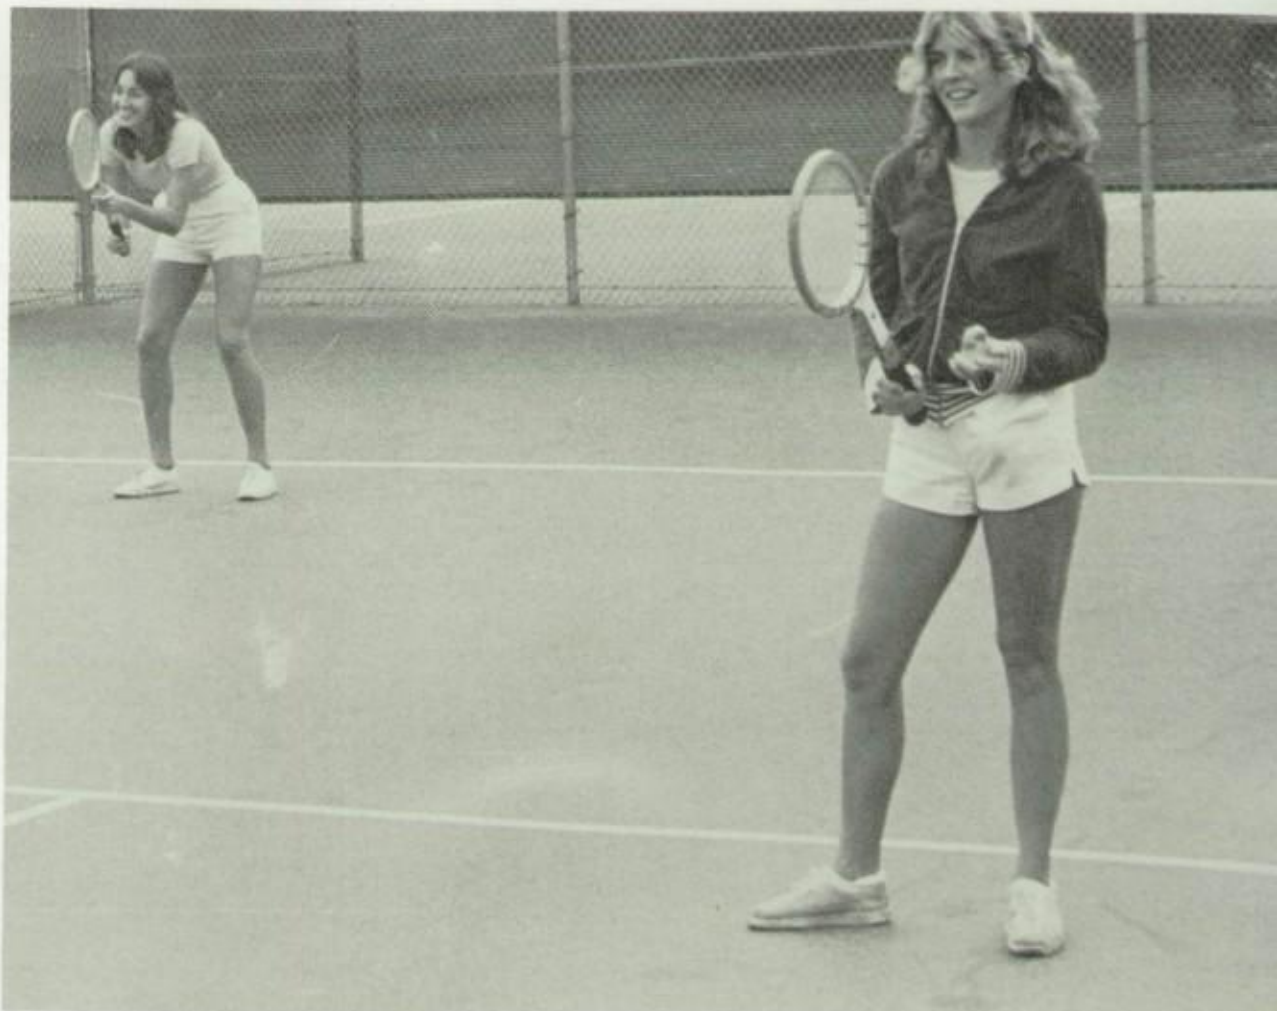

A new addition to the team was mascot, senior Eric Ono, who did a little bit of everything. This year's motto was "Love means 'nothing' to a Lobo tennis player."

Lee Lanan, head coach, worked hard to teach the team how to stuff 15 balls up their shorts and how to watch the football team without being conspicuous.

Practices were to be held every school day at 2:15, but started much to Coach Lanan's frustration more nearly to 3:30.

Does rain stop the Lobo tennis team? No way! When the courts were wet they held practice in the commons, much to the dismay of every one trying to relax there.

Although the Lobos lost in the first round of CIF, they felt it was a successful season.

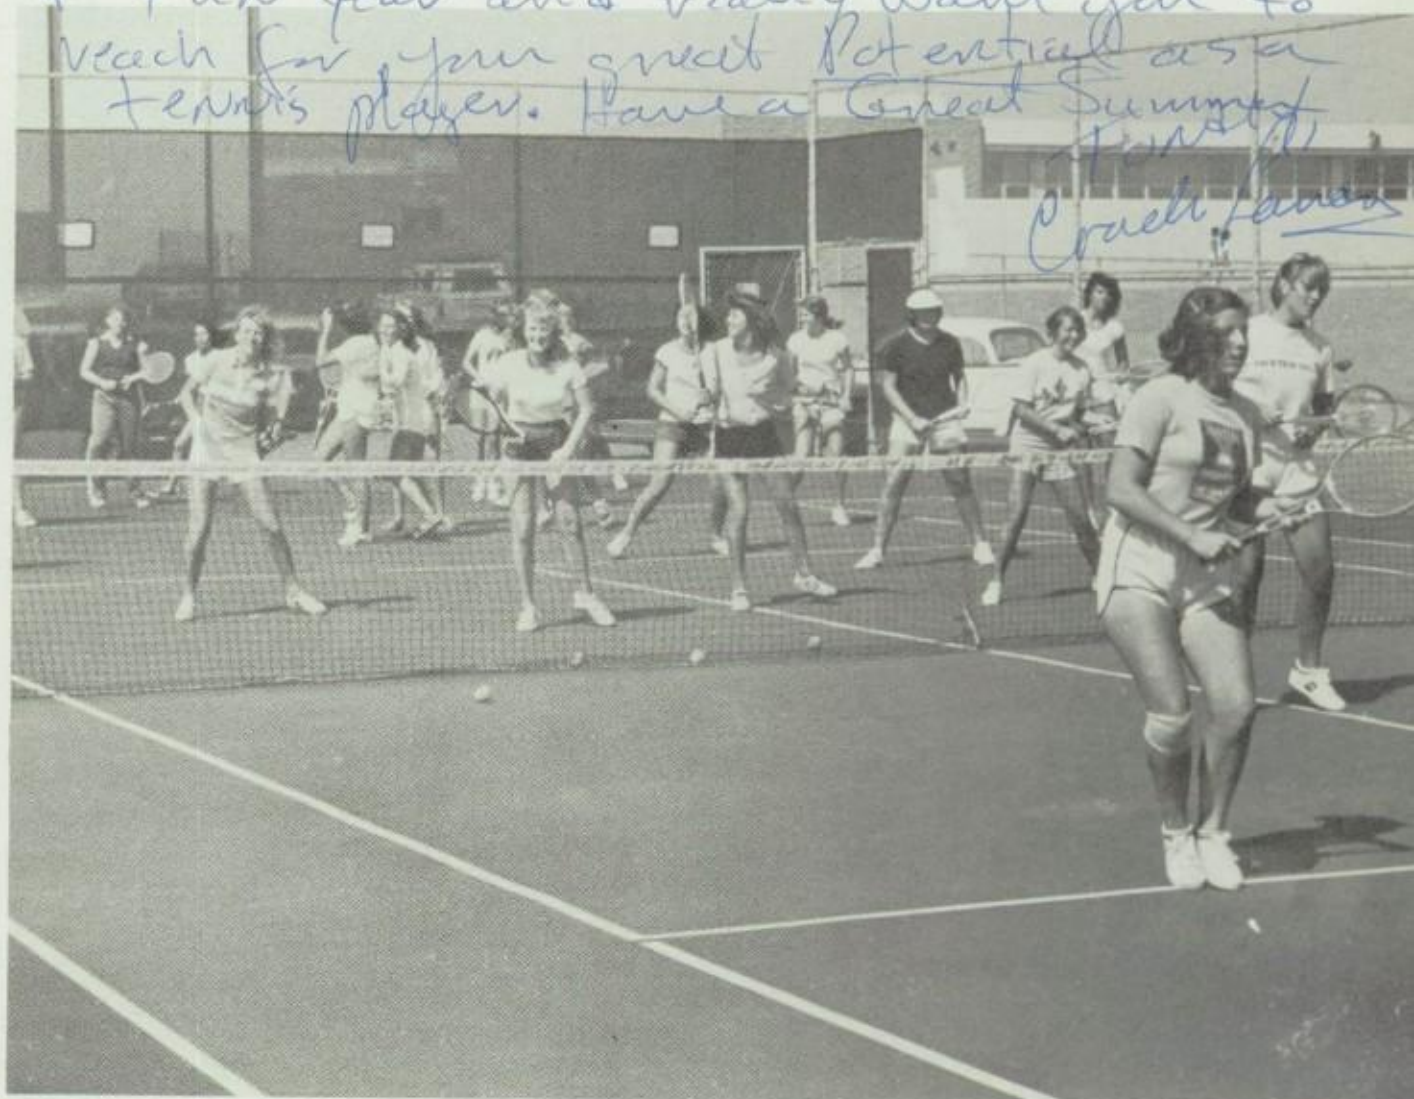

Hey Dee Dee - see this we will make this better in 1979 - Right?!? You certainly make my Coaching much more exciting but then 'Red heads' are excitable!! Seriously, I'm looking forward to a great & fun year and really want you to reach for your great Potential as a tennis player. Have a Great Summer!

This year's Girls Varsity basketball team are girls who have played ball together for years. Some of which have played together since 6th grade. They are a group of seniors with the exception of a junior and two very talented freshmen, who make up a devastating, pressure, aggressive man-to-man defense team. They play the game as a team not as individuals, even though each player is an outstanding athlete.

With a 15-7 record (before C.I.F.) and ranking 15th in C.I.F., it is no wonder the girls averaged 62 points a game and held their opponents to an average of only 39 points per game.

Senior Sandy Hall was voted league M.V.P. and also holds a C.I.F. record for her 1,000 rebounds. High scorer T.C. Duty was voted to 1st team all league. With girls such as these and many others who were unacknowledged it is easy to see that this team are not only league champions but champion individuals.

T.C. Duty skillfully maneuvers around Pacifica defense.

Varsity girls swim team consisted of only four returning swimmers. The team was composed mainly of freshmen who lacked the experience needed, but made it up with their enthusiasm and hard work.

Upper classmen provided the guidance needed to get the team through 6 a.m. week-day workouts and also on weekends and after school, with practices lasting from two and a half to three hours.

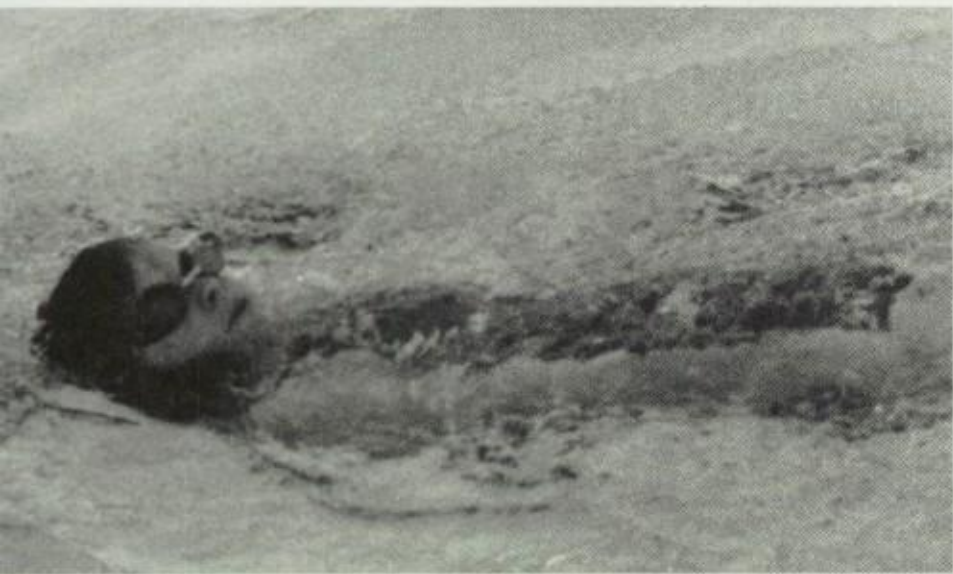

With two new coaches and young swimmers the team promises to be very good in the future.

Although this year's Los Amigos Varsity football team was small, the spirit and enthusiasm of the players was the highest in a long time. After going through Hell Week and what must of seemed like endless practices, the Lobos were ready to meet Dana Hills. Although the game ended in a scoreless tie, next week LA redeemed itself with a convincing 16-0 victory over University. The Lobos started league play against the powerful Santiago team, losing, 26-0. This brought Los Amigos to the all-important homecoming game vs. La Quinta. LA won, making it the first time in our school's 11 year history that we have won our homecoming game. Afterwards the Lobos went 1-1-1 in league play which brought them to a crucial game against Rancho. If Los Amigos wins, they go to C.I.F.; if not La Quinta goes. In an action-packed game, Los Amigos came up on the short end of a 21-16 score, ending the season earlier than hoped for the Los Amigos players and fans alike.

The Lobos Cross Country team highlighted another successful season taking its second league championship Nov. 8 at Mile Square park. The Lobos destroyed their G.G. league opponents in style with a fantastic score of 27 pts. to second place Pacifica who had 58 pts. Rancho Alamitos who had upset L.A.H.S. last year also finished a distant third place with 76 pts.

Mark Cunnert defended his G.G. championship league crown with a fast time of 15:24, Lance Gent, most improved runner on the varsity squad, finished a surprising third with a personal record time of 15:42. Ty McDowell the Lobos top runner during the season finished fifth with a time of 15:55. Said Coach Aguirre of Ty's efforts "For anyone to do as well as Ty did with his type of injury takes desire and determination, I'll respect anyone who does the same, and Ty certainly earned mine." Earning honorable mentions were Jim Fullmer 8th place and Tony Gutierrez 10th place.

The Lobos Cross Country squad capped their season by running the CIF prelims at Mt. Sac College, and taking 5th pl. Coach Aguirre's final words were "Our program's on its way. This year's finish reflected everyone's desire to come back after a poor start."

Tradition! Hardwork, practicing long hours, dedication. Three straight years of undefeated success in league and C.I.F. contenders reflect on the players and their coaches. Three starting seniors, some juniors, and two sophomores made up one of the youngest varsity water polo teams yet. Yet a bunch of young, unexperienced polo players opened the eyes of a lot of people who marked them failures. Due to the leadership and dedication of the players they carried the Lobo tradition for yet another year.

Playing water polo takes most of the players time and the whole summer. During the summer most of their time was spent playing games three or four times a week in Mission Viejo under stress conditions. Playing so many games in so short of time polished the skills of the players as they prepared to defend their title. Once school started, practices were stepped up and the intensity increased. By the time league came and went they had charged their opponents for 99 points

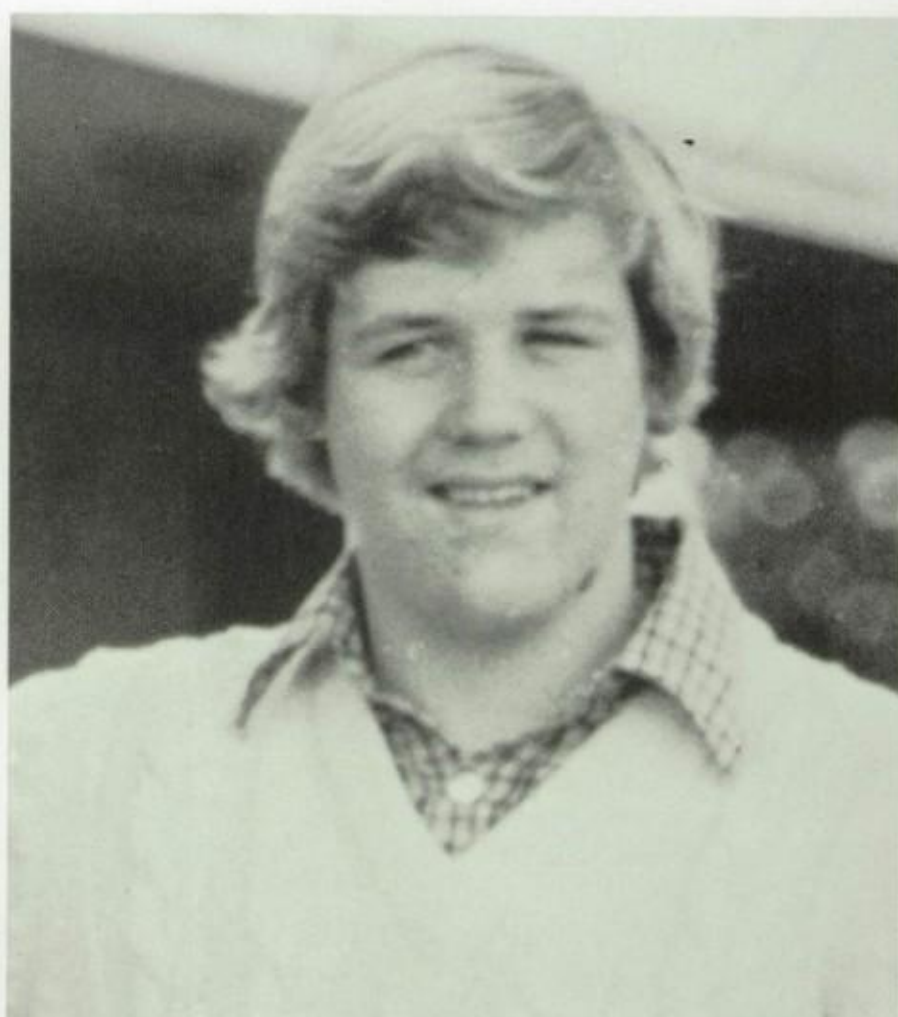

Keith Fischbeck, Joe Operacz, and Mike Glinskas were named to the all-league first team. Luiz Perez was named to the second team and Bert Goris was an honorable mention. All in all the Lobo Varsity water polo team made their claim as one of the most dedicated teams on campus.

Varsity Soccer Places Fifth

Soccer, although it is the most popular sport in the world, is now just reaching new levels of interest in America. The Los Amigos varsity soccer team is no different. When the students become bored with all of the indoor sports during December through March, soccer for many is the sport to watch for a change of pace. The team, lead by coach Al Donoso, started out on the wrong foot (no pun intended) by losing to Santiago. They steadily improved themselves, however, into a team that Los Amigos students could be proud of.

As the soccer ball hangs momentarily over the field, members of both teams go up to meet it.

L.A. Track Leaps To Win

Junior C. Olivier clears the high jump bar.

This year should be a turn-around year for our Lobos track team. After last year's loss at league finals, Mr. Oscar Aguirre, head track coach, feels that this year's team with hard work and a talented returning group of people has the potential to regain its 1977 track title.

The coach believes that this year's success will depend on attitude (wanting to win) and dedication (working hard). Both these ingredients are necessary for a championship team.

Senior T. Bowen leaps ahead in the long jump.

This year's varsity basketball team consisted of 10 team members working hard under the direction of new coach Gene Sutherland.

The Lobos claimed yet another league title by going undefeated in league play. The Lobos were rated third in C.I.F. and second in Orange County at the end of the league season. The team placed third in the La Quinta tourney and second place in the Huntington Beach and Villa Park tournaments.

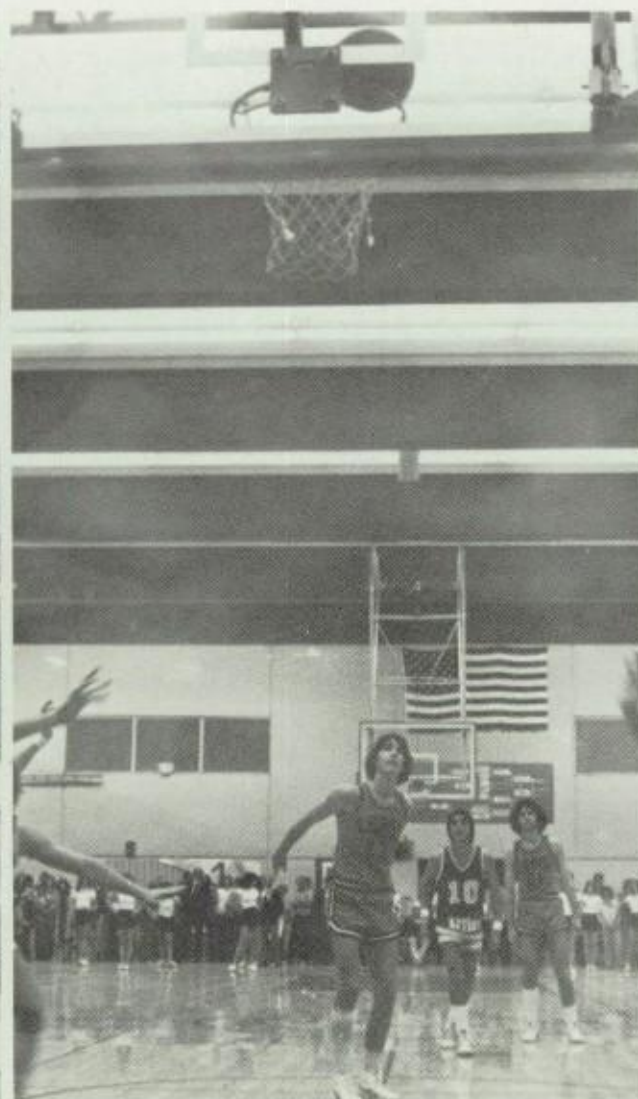

This year's team broke two longtime records: one, being the most points scored in any game, (100 points against Garden Grove) and the other being the most points by any player, (Clayton Olivier with 45 points against Milikan.) Olivier also led all Orange County prep scorers through most of the season with a 27 point average.

The Register voted Larry Cook and Dave Atkins 1st team all league and Clayton Olivier M.V.P. The league coaches voted Dave Atkins to the all league 1st team, Phil Day to the 2nd team and Larry Cook was on Honorable Mention. Clayton Olivier was named league M.V.P. and Coach Sutherland was named coach of the year for the league.

The Lobos finished out the season going all the way to the C.I.F. semi-finals at the Long Beach sports arena.

Clayton Olivier was voted M.V.P. in Orange County by the L.A. Times and the Register. He was also named to the all C.I.F. first team.

Effort And A Steady Swing Lead To Golfers' Perfection

V. Jones

K. Brown

S. Stahl

Effort and a steady swing are needed to play golf as the 1979 varsity golf practice.

The varsity golf team consists of three experienced returning players. Bob Orlowski, no. 1 man, and Kendall Brown, no. 2 man, led the golf team along with many valuable contributions from team players. Daily practice at Mile Square Park plus the advantages of a more balanced league. Coach John Keating feels this is where the team depth will determine its wins and losses.

R. James and S. Stahl talk over next hole with Coach Keating.

With eight returning players from last year, and a new head coach, the Los Amigos varsity baseball team surprised many people. Although the Lobos had a disappointing pre-season, they jumped out to an undefeated record in the start of the season with easy wins over Garden Grove and La Quinta. Their new coach Rick Drake, who himself used to play minor league ball until knee injuries hampered his career, seemed to breathe new life into the players. And since this was the second year for many of the players at the varsity level, they all seemed to have found the experience and maturity they had lacked last year. All in all, it turned out to be a good year for the Los Amigos baseball team.

SENIORS

Seniors . . .

Four years ago as freshmen we came to Los Amigos with an enthusiasm no other class has had. We put together our own freshman lawn and tried to destroy the seniors'.

Over the four years we have grown into a unit. We have worked together on car washes, ice skating parties and of course our outstanding dances.

This year winning our first homecoming game in 10 years, this senior class has proven to be the best Los Amigos has ever produced.

Scholastically we have maintained a level to be proud of. In sports both boys and girls have excelled in all areas.

We have worked together to achieve our goals, one being winning spirit week our senior year.

Our class slogan has been "79 makes the sun shine", but this class has shown brighter than that proverbial sun.

Our high school years are over but the friendships we have made will never end and the memories of these four years will be cherished FOREVER !!

As school started up again many returning students were surprised at the number of new teachers who had joined the ranks at Los Amigos. Changes from vice-principals to janitors abounded. This didn't affect any of the incoming scrubs, but for the returnees, it was a bit of a shock. For all the freshmen from Fitz, there was Mr. Kamp to make them feel at home. And then there are the old standbys. The crazy ones like Mr. Trotter and Mr. Gifford, or Giff, as some of the seniors call him, and the show men like Mr. Donnelly and Mr. Keating (the short guy). And who could forget Mr. Tuin as that courageous foe of evil, SUPER LOBO. The old and the new, the large and the small, the good and the bad, they're all part of Los Amigos High School.

At this time I would like to thank all of the people who made this book a reality. It took a lot of hard work and a lot of time, but to me it was well worth it.

A special thanks goes to Mr. Dick Beem and Mr. Don Sullivan for all their help with the front color plus all of the little extra things they did for us. Also I would also like to say thank you to Mr. Doug (Hoot) Gibson for being so patient with the whole staff and always giving us a helping hand. Also a thank you goes to Mrs. Carol Strauss for being such a terrific advisor and an even better friend. Also thanks goes to the whole yearbook staff for being so patient with me. I hope you enjoy this book as much as we enjoyed making it for you.

Sincerely,

Nada Kelsoe

Hi,

Wow! What a year and you've made it a real memorable one. I'll never forget all the fun we had on the courts during tennis season. When you liked Bobby and I liked David. Also the times when we went cruising around in my bug after games. What fun. You are really a super sweet guy and I wish you all the happiness in the world. I hope your senior year will be as fantastic and rewarding as mine was. I hope we keep in touch ~~for~~ over the years. Okay? Again, as I keep saying, lets you, Shawn, and me do something together soon.

I love ya!
